

*We helped a solar farm raise equity and debt funds*

**About Client**

Client is a specialist player in erecting solar farms based out of EU. It looks for project based funding

**Client Situation**

Client keeps on coming up with solar farms in various parts of the world and is in continuous need of raising funds from existing and new investors for upcoming projects.

**Our Solution**

We provided a back-office solution for the fund raising team. It comprise following activities

- Preparing PPMs for the new projects
- Financial modeling and returns from all existing and new projects
- Investor newsletters
- Investor reach-out
- Investor profiling
- Meetings set up
- Events support
- Real Estate finalization support

**Outcomes**

- Our team has supported three solar farm deals so far.
